

## Addresses of Emil/Barbara Svihovec Descendants

*Since this compilation has been created for the purpose of a reunion mailing list, only surviving descendants are listed. Numerals designate each of the American generations. #1 would be Frank and Barbara Svihovec who arrived in America with their nine sons in the 1886-1893 period. #2 would be those nine sons. This list is only of the descendants of Emil and his wife Barbara who would be part of that #2 generation. The #3 generation would be Emil and Barbara's nine children and each succeeding generation is correspondingly numbered. In the case of married couples, the direct Svihovec descendant is listed first unless the Svihovec descendant is deceased. In that case, the surviving spouse's name is recorded alone. Descendants who are still minors are noted in parentheses after their parents. Those who are 18 and older are listed separately even if still living at home.*
